

# OB Van Parking Area and Connection Facilities

## General

- 75 Ohm Coaxial connector - BNC HF connector
- CAT 5 , RJ45 connector
- Broadband connection (TV)
- Dedicated line to telekom main switch room, 12 dBu LSAprus
- Fiberoptic connection, multimode and singlemode (E2000-connector)
- Symmetric audio line, XLR connector
- Symmetric audio line, Siemens connector
- Protective earth to neutral point 75mm<sup>2</sup> - wingnut
- 63A or 125A 230V/400V, 50Hz 3 phase main connection (no UPS!)

## ÜW ICM

| Connection from                | Connection type  |
|--------------------------------|--|
| Central A/V distribution room* | Sym. Audio, 75Ohm Video, Fiberoptic (multimode)                |
| Room 14                        | Sym. Audio, 75Ohm Video, Fiberoptic (multimode)                |
| Room 13                        | Sym. Audio, 75Ohm Video, Fiberoptic (multimode)                |
| Hall C1                        | Sym. Audio, 75Ohm Video, Fiberoptic (multimode and singlemode) |
| Telekom main switch room       | CAT5, Fiberoptic (singlemode)                                  |
| <b>Power supply</b>            | 3x 125A CEE 230/400V, 50Hz                                     |

## ÜW S1

| Connection from                | Connection type                                 |
|--------------------------------|---|
| Central A/V distribution room* | Sym. Audio, 75Ohm Video, Fiberoptic (multimode) |
| Room 01                        | Sym. Audio, 75Ohm Video, Fiberoptic (multimode) |
| Telekom main switch room       | CAT5, Fiberoptic (singlemode)                   |
| <b>Power supply</b>            | 1x 125A CEE 230/400V, 50Hz                      |

## ÜW BS2.1/2.2

| Connection from                | Connection type                                 |
|--------------------------------|---|
| Central A/V distribution room* | Sym. Audio, 75Ohm Video, Fiberoptic (multimode) |
| Room 13                        | Sym. Audio, 75Ohm Video, Fiberoptic (multimode) |
| Telekom main switch room       | CAT5, Fiberoptic (singlemode)                   |
| <b>Power supply</b>            | 1x 63A CEE                                      |

## ÜW BS1/BS2

| Connection from          | Connection type                                 |
|--------------------------|---|
| Room 14                  | Sym. Audio, 75Ohm Video, Fiberoptic (multimode) |
| Telekom main switch room | CAT5, Fiberoptic (singlemode)                   |
| <b>Power supply</b>      | 1x 125A CEE, 1x 63A CEE                         |

\* Connections can be established to all other rooms via the central A/V distribution room.
